Students in grades 6-10 are at a critical stage of development as they are undergoing dramatic physical, personal, social and intellectual changes. They are also becoming more aware of the wider world around them. It is a time of questioning and challenging, which can be exciting, confusing and a bit frightening all at the same time. The IB Middle Years Programme (MYP) aims to help students through this crucial time by fostering a sense of belonging and a positive attitude to learning. Learning how to learn, how to evaluate information and communicate their learning are important to the program.
