## Welcome to the TIS Secondary School!

In our Secondary School, we believe that education is not just about academics, but also about personal growth and development. With our Middle Years Programme and Diploma Programme, we work to provide a holistic and challenging education that prepares students for success in higher education and beyond.

TIS believes in an inclusive approach to education. Our units focus on interdisciplinary and conceptual learning. All students develop and apply skills while exploring a diverse range of subjects and concepts. We also prioritize social and emotional learning, recognizing that these skills are just as important as academic achievement.

In addition to our challenging academic curriculum, we offer a variety of co-curricular and outdoor learning activities to help students develop their interests and talents beyond the core subjects. From sports and music to community service and leadership opportunities, there is something for everyone in our Secondary School.

Our goal is to ensure that students and teachers reflect on their learning together and develop the capacities and dispositions students need for continued growth.

If you have any questions about the Secondary program at Tashkent International School, please email me or contact the school office at +998555019670.

Respectfully,

Robert Jackson

Secondary Principal
